#### Requirement of the Securities and Futures Commission (SFC)

According to the SFC Platform Operators should determine whether an overseas product is complex or non-complex with regards to paragraph 6.1 of the [Guidelines on Online Distribution and Advisory Platforms](#). A non-exhaustive list of examples of investment products that are considered to be non-complex can be accessed [here](#). For offline transactions, intermediaries should also consider the list of examples and the paragraph 5.5 of the [Code of Conduct for Persons Licensed by or Registered with the Securities and Futures Commission](#) to determine whether an overseas product is complex or non-complex.

#### Guidance for the use of the openfunds fields

The above mentioned fields can be used by a Platform Operator to determine if a fund is a complex or a non-complex fund. The following flowchart shall help the Fund Houses to decide which fields should be filled in.

If the value of the field “OFST6030HK Country Legal Registration – Hong Kong” is “yes”, then the blue marked fields (OFST710300 and OFST710301) must be filled in. In addition, the brown marked fields must be filled in as well. The fields in green and orange should be left blank.

If the value of the field “OFST6030HK Country Legal Registration – Hong Kong” is “no” then the field “OFST710305 Jurisdiction And Publicity” must be filled in while the blue fields should be left blank. Depending on the value, the following fields have to be populated:

- The value of “OFST710305” is “specified”: The green marked fields and the brown must be filled in. The orange and the blue fields should be left blank.
- The value of “OFST710305” is “non-specified and public”: The orange marked fields and the brown fields must be filled in. The green and the blue fields should be left blank.
- The value of “OFST710305” is “non-specified and non-public”: Only the brown marked fields must be filled and the other fields (green, orange and blue) should be left blank.

Depending on which path is the right one for a fund, the blue, green or orange fields must be filled in. Regardless of whether the blue, green or orange fields must be completed or left blank, the brown fields must be populated.
